Experience

Front-End Developer at Devsinz

AUG 2024 - Present

Designed and developed responsive web interfaces using HTML, CSS, JavaScript, and Bootstrap. Focused on creating intuitive and interactive user experiences while ensuring cross-browser compatibility and seamless functionality across devices.

Sales Executive at Synthetix Systems

May 2024 - July 2024

Supported the sales team by identifying potential clients, conducting market research, and assisting in sales strategy development. Contributed to achieving sales targets and enhancing customer relationships.

EDUCATION

Advance Diploma Software Engineering (Aptech MSG)

Intermediate (Abdul Razzak Gabol Government Degree College)

Matric (Karachi board)

SKILLS

- Proficient in HTML, CSS, JavaScript, Bootstrap, Material UI, React.js for front-end development.
- Proficient in Node.js and Express.js for back-end development.
- Experienced with SQL Server & MongoDB for database management.
- Familiarity with version control systems including Git and GitHub for collaborative development.

ACTIVITIES

Enthusiastically participated in Techwiz Web Design competition showcasing my skills by conceptualizing and developing a dynamic website within a tight 3-day timeframe. Successfully brought the event's vision to life through intuitive design and seamless user interaction.
